

**NEW**

## reCool® Test & Trial

Retrofitting to internal cooling with reCool® is worth it: It increases tool life, thus effectively reducing tool and investment costs.

Typical example from the automotive industry

- // Best chip removal
- // Ideal cooling of the cutting edge
- // No scattering or spray losses
- // Can be used with emulsion and oil
- // Parts per day up by 325%
- // Time per piece down by 77%

Logarithmic scale

— conventional  
— with reCool®

### How to participate at reCool® Test & Trial?

- // Return the technical questionnaire (backside of this flyer)
- // reCool® will be shipped to your attention
- // Test it 4 weeks free of charge without obligations

### Checklist:

- Wrench
- Collet  $\varnothing$
- DS/KS  $\varnothing$
